

ENERGY STAR. The simple choice for energy efficiency.

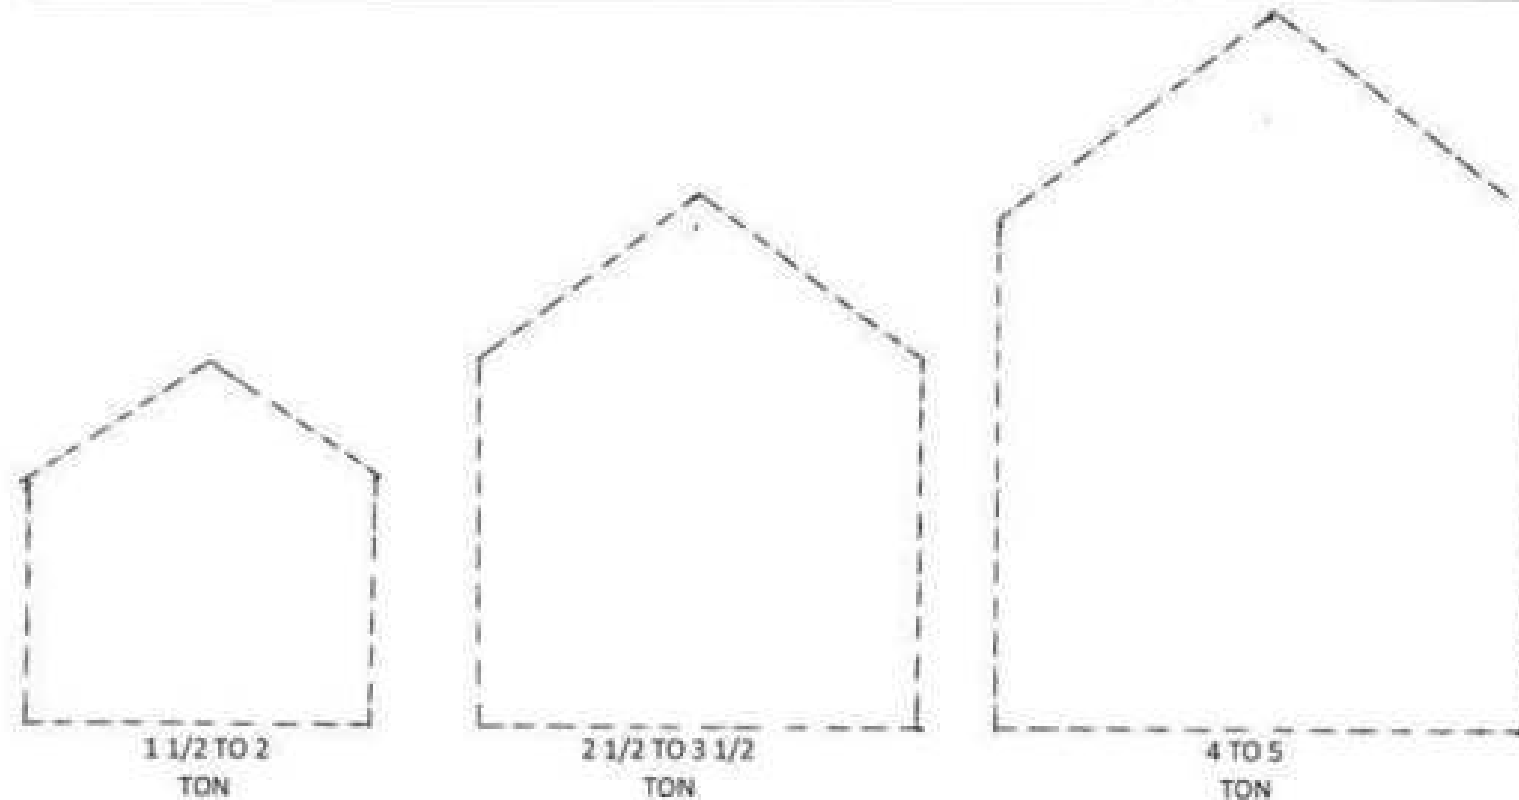

Panel Discussion: The Centralized HVAC Design Revolution

2018 ENERGY STAR Certified Homes Stakeholder Meeting
September 6th, 2018

Opening Remarks

SIZING CHART

TRIM OUT HOLES VERY CAREFULLY CUTTING ON THE DOTTED LINES, THEN FOLLOW INSTRUCTIONS SHOWN BELOW

INSTRUCTIONS:

Stand on the curb. Hold out the Sizing Chart approximately one foot from your face and look at the house through each hole. If the house fits in a hole, that's the size unit to use.

* If curb is not available, ask the homeowner where a curb would be if there was one.

Chris Edgren, Wrightsoft

- Vice President of Sales and Marketing
- 15 years of experience
- **10,000+ homes** will be built in 2018 using a design from Wrightsoft

Tahir Riaz, PEG

- Director of Design
- 9 years of experience
- ~40,000 homes will be built in 2018 using a design from PEG

A photograph of a house under construction. The image shows the wooden frame of the roof and the lower walls. A large green semi-transparent rectangle is overlaid across the center of the image, containing the word "Discussion" in white text. The background shows a blue sky with white clouds and a green landscape with trees and a red tractor in the distance.
