ENERGY STAR®, a U.S. Environmental Protection Agency program, helps us all save money and protect our environment through energy efficient products and practices. For more information, visit www.energystar.gov.

Dear ENERGY STAR® Partner:

The U.S. Environmental Protection Agency (EPA) is pleased to announce that ENERGY STAR Most Efficient products are now being featured in Amazon search results, as part of Amazon's [Sustainable Shopping initiative](#). This initiative highlights ENERGY STAR Most Efficient products to Amazon's millions of customers, and makes it easier for the site's users to find products recognized with this distinction.

ENERGY STAR Most Efficient is a distinction recognizing products that deliver cutting edge energy efficiency along with the latest in technological innovation. It is an award that truly represents the best of ENERGY STAR. For more information on how to have your ENERGY STAR certified models recognized as Most Efficient, please visit the [ENERGY STAR website](#).

EPA will be contacting partners with products that are currently recognized as Most Efficient later this year, with further details on how to ensure your products' Most Efficient recognition is highlighted in Amazon search results.

Thank you for your support of the ENERGY STAR program.
