## Celebrate Earth Day with ENERGY STAR!

### Happy Earth Day!

You don't have to do something crazy to make a difference this [Earth Day](#). Appliances, electronics, lighting, and other products that have earned the ENERGY STAR label are independently certified to save you energy, money and help protect the climate. So just take the pledge to choose an ENERGY STAR certified product. You'd be crazy not to.

### Take the ENERGY STAR Pledge

I pledge to choose an ENERGY STAR certified product to save energy, money, and help protect the climate.

Take the Pledge

### Join the Twitter Chat

Be sure to join our special Twitter Chat **TODAY** to help spread the word about taking the ENERGY STAR pledge and how products that earn the ENERGY STAR save energy, save money, and help protect the planet. Test your energy efficiency IQ, get energy-saving tips, and share all the ways you're already making a difference for the environment. Join the Chat using the details below.

- **When:** April 22, 2019
- **Where:** Twitter!
- **When:** 2:00-3:00 p.m. EDT
- **How:** Use the hashtag #ENERGYSTARChat to join the conversation!

ENERGY STAR® is the simple choice for energy efficiency. For more than 25 years, people across America have looked to EPA's ENERGY STAR program for guidance on saving energy, saving money, and protecting the environment. Behind each blue label is a product, building, or home that is independently certified to use less energy and cause fewer of the emissions that contribute to climate change. Visit [www.energystar.gov](http://www.energystar.gov) today.
