ENERGY STAR®, a U.S. Environmental Protection Agency program, helps us all save money and protect our environment through energy efficient products and practices. For more information, visit www.energystar.gov.

Dear ENERGY STAR® Residential Dishwasher Partner or Other Interested Stakeholder,

The U.S. Environmental Protection Agency (EPA) released the [ENERGY STAR Residential Dishwasher Version 7.0 Draft 1 Specification](#) on March 10, 2020, with an original comment period deadline of April 7. In light of the pressures on stakeholders due to the Coronavirus disease (COVID-19), and in response to a stakeholder request, EPA is now extending the comment period deadline to May 11. Stakeholders can submit comments to appliances@energystar.gov at any time by this date.

EPA thanks those that participated in the Draft 1 Version 7.0 ENERGY STAR Residential Dishwashers Webinar on Thursday, March 26. The webinar slides are available on the [ENERGY STAR Version 7.0 Residential Dishwashers Product Development webpage](#) with all the other documents associated with this effort.

Thank you for your continued support of the ENERGY STAR program.

Best Regards,

Ga-Young Park
Product Manager for Appliances
ENERGY STAR Labeled Products
