ENERGY STAR®, a U.S. Environmental Protection Agency program, helps us all save money and protect our environment through energy efficient products and practices. For more information, visit www.energystar.gov.

Dear ENERGY STAR® Commercial Packaged Boiler Manufacturer or Other Interested Party:

The U.S. Environmental Protection Agency (EPA) is pleased to provide a new resource for owners and operators of small and mid-sized commercial buildings – [Commercial Boilers: Optimize Efficiency with Condensing Boilers and Low Return Water Temps](#). This document includes guidance on efficient design, installation, and operation of commercial packaged boiler systems, with emphasis on ensuring condensing operation. Partners are encouraged to provide feedback to this document by contacting Commercialboilers@energystar.gov.

Thank you for your continued support of the ENERGY STAR program.
