ENERGY STAR®, a U.S. Environmental Protection Agency program, helps us all save money and protect our environment through energy efficient products and practices. For more information, visit www.energystar.gov.

Dear Home Advisor User,

We are writing to let you know that the [My ENERGY STAR](#) platform and [ENERGY STAR Home Advisor](#) online tool will be sunset in April, and users will no longer be able to access their accounts as of May 1st, 2023.

If you wish to keep a record of the data that you have previously entered into the Home Advisor tool, please take the following steps prior to May 1st, 2023:

- To print the highlights of your home's profile, click on the print icon (see image below).

- To save more detailed information, you'll need to take a screenshot of each module.
- To save your utility bill data, click to edit the Utility Bills module and take a screenshot of all years with utility data entered.
- To save your data into another ENERGY STAR tool, Portfolio Manager, where you can continue to track and monitor your home energy data, [create a Portfolio Manager account](#) using this email address (and login to it to activate it) no later than May 1st, 2023. We'll transfer your data for you based on the matching email addresses. After the transfer is complete, we'll contact you with more information about how to get started in Portfolio Manager and its enhanced features (such as tracking solar energy, multiyear data, and expanded metrics). [Learn more about Portfolio Manager.](#)

If you're still interested in getting recommendations from EPA about how to improve the efficiency of your home, check out our new [ENERGY STAR Home Upgrade](#). Through the Home Upgrade, you can learn about energy efficiency improvements that are designed to work together to deliver significant energy and cost savings, and help you transition from fossil fuels for a cleaner, healthier, and more comfortable home. You can choose the improvements that make the most sense for your home and implement them at your own pace.

If you have additional questions, please contact us at myenergystar@energystar.gov.

Sincerely,
The ENERGY STAR Program
