ENERGY STAR®, a U.S. Environmental Protection Agency program, helps us all save money and protect our environment through energy efficient products and practices. For more information, visit www.energystar.gov.

Dear ENERGY STAR® Pool Pumps Stakeholders:

The U.S. Environmental Protection Agency (EPA) would like to remind stakeholders that the effective date for the Version 2 ENERGY STAR Pool Pumps Program Requirements is January 2, 2019 . On this date, only products certified to Version 2.0 and submitted by EPA-recognized certification bodies (CBs) to EPA using the Version 2 web service will display on our list of certified models.

Please contact EPA at poolpumps@energystar.gov with any questions regarding the specification. CBs should direct questions concerning the submittal of Version 2 certified pool pumps to Certification@energystar.gov.

Thank you for your support of the ENERGY STAR program.

This message was sent to you on behalf of ENERGY STAR. Each ENERGY STAR partner organization must have at least one primary contact receiving e-mail to maintain partnership. If you are no longer working on ENERGY STAR, and wish to be removed as a contact, please update your contact status in your [MESA](#) account. If you are not a partner organization and wish to opt out of receiving e-mails, please contact EnergyStarProducts@energystar.gov. Unsubscribing means that you will no longer receive program-wide or product-specific e-mails from ENERGY STAR.
