ENERGY STAR®, a U.S. Environmental Protection Agency program, helps us all save money and protect our environment through energy efficient products and practices. For more information, visit www.energystar.gov.

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY
WASHINGTON, D.C. 20460

**OFFICE OF AIR AND
RADIATION**

August 29, 2023

Dear ENERGY STAR Set-Top Box (STB) Partner or Other Interested Stakeholder:

This letter serves as a reminder that the U.S. Environmental Protection Agency (EPA)'s sunset of the ENERGY STAR specification for STB products takes effect September 29, 2023. All STB partners must cease use of the ENERGY STAR name and ENERGY STAR mark in association with all STB products, including on products, web pages, and other collateral materials as of this date.

EPA appreciates the efforts of STB product partners to advance a cleaner environment through the ENERGY STAR Program and applauds your success in moving the market towards greater energy efficiency. Please send any questions to STBs@energystar.gov. Thank you.

Sincerely,

Ann Bailey, Chief
ENERGY STAR Labeling Branch
US Environmental Protection Agency
