ENERGY STAR®, a U.S. Environmental Protection Agency program, helps us all save money and protect our environment through energy efficient products and practices. For more information, visit [www.energystar.gov](http://www.energystar.gov).

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY  
WASHINGTON, D.C. 20460

**OFFICE OF AIR AND  
RADIATION**

June 13, 2022

Dear ENERGY STAR Small Network Equipment (SNE) Brand Owners and Other Interested Parties:

This letter serves as a reminder that the U.S. Environmental Protection Agency (EPA)'s sunset of the ENERGY STAR specification for SNE products takes effect July 13, 2022. All SNE partners must cease use of the ENERGY STAR name and ENERGY STAR mark in association with all SNE products, including on products, web pages, and other collateral materials as of this date.

EPA appreciates the efforts of SNE product partners to advance a cleaner environment through the ENERGY STAR Program and applauds your success in moving the market towards greater energy efficiency. Please send any questions to [networking@energystar.gov](mailto:networking@energystar.gov). Thank you.

Sincerely,

Ann Bailey, Chief  
ENERGY STAR Labeling Branch  
US Environmental Protection Agency
