ENERGY STAR®, a U.S. Environmental Protection Agency program, helps us all save money and protect our environment through energy efficient products and practices. For more information, visit [www.energystar.gov](http://www.energystar.gov).

Dear ENERGY STAR® Uninterruptible Power Supply Stakeholders:

The U.S. Environmental Protection Agency (EPA) would like to remind stakeholders that the effective date for the Version 2 ENERGY STAR Uninterruptible Power Supplies Program Requirements is January 1, 2019. On this date, only products certified to Version 2.0 and submitted by EPA-recognized certification bodies (CBs) to EPA using the Version 2 web service will display on our list of certified models.

Please contact EPA at [ups@energystar.gov](mailto:ups@energystar.gov) with any questions regarding the specification. CBs should direct questions concerning the submittal of Version 2 certified uninterruptible power supplies to [Certification@energystar.gov](mailto:Certification@energystar.gov).

Thank you for your support of the ENERGY STAR program.

For more information, visit: [www.energystar.gov](http://www.energystar.gov)

This message was sent to you on behalf of ENERGY STAR. Each ENERGY STAR partner organization must have at least one primary contact receiving e-mail to maintain partnership. If you are no longer working on ENERGY STAR, and wish to be removed as a contact, please update your contact status in your MESA account. If you are not a partner organization and wish to opt out of receiving e-mails, please contact [EnergyStarProducts@energystar.gov](mailto:EnergyStarProducts@energystar.gov). Unsubscribing means that you will no longer receive program-wide or product-specific e-mails from ENERGY STAR.
