ENERGY STAR®, a U.S. Environmental Protection Agency program, helps us all save money and protect our environment through energy efficient products and practices. For more information, visit www.energystar.gov.

Dear ENERGY STAR® Vending Machines Stakeholders:

The U.S. Environmental Protection Agency (EPA) would like to remind stakeholders that the effective date for the Version 4.0 ENERGY STAR Refrigerated Beverage Vending Machines Program Requirements is April 29, 2020. On this date, only products certified to Version 4.0 and submitted by EPA-recognized certification bodies (CBs) to EPA using the Version 4 web service will display on our list of certified models.

Please contact EPA at vendingmachines@energystar.gov with any questions regarding the specification. CBs should direct questions concerning the submittal of Version 4.0 certified Refrigerated Beverage Vending Machines to Certification@energystar.gov.

Thank you for your support of the ENERGY STAR program.
