ENERGY STAR®, a U.S. Environmental Protection Agency program, helps us all save money and protect our environment through energy efficient products and practices. For more information, visit www.energystar.gov.

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY
WASHINGTON, D.C. 20460

**OFFICE OF AIR AND
RADIATION**

Dear EPA-recognized Certification Bodies and Laboratories,

Thank you for your support and commitment to delivering high quality testing, inspection and certification services on behalf of the ENERGY STAR program. EPA recognizes that recent market events may complicate delivery of these services. While the requirements for ENERGY STAR certification and verification remain unchanged, we are available to assist with any questions or concerns related to meeting them. Please feel free to contact Certification@energystar.gov or Brian Krausz (krausz.brian@epa.gov, 202-564-3069) of my staff.

Sincerely,

A handwritten signature in black ink, appearing to read "A. Bailey".

Ann Bailey, Chief
ENERGY STAR Labeling Branch
U.S. Environmental Protection Agency
