

Dear ENERGY STAR® Appliance Partners and Stakeholders:

In order to help make our Roadmapping webinars as interactive as possible, we would like to invite you to ask questions and provide comments during these webinar using GoToWebinar capabilities.

1. Use the link provided in your registration email confirmation to join the webinar. Note that the link is unique to you, and should not be shared with others.
2. If you choose to call in via your telephone, you will need to enter your access code, provided in your registration email confirmation. You will also need to enter your **audio pin**, which is provided once you have joined the webinar. This will allow the presenter to unmute you during the webinar. For simplicity reasons, we recommend using your computer microphone and speakers, if you are able.
