

John Bullough is a senior research scientist and adjunct faculty member at the Lighting Research Center, Rensselaer Polytechnic Institute. John directs the transportation and safety lighting programs at the LRC and conducts research in the areas of human factors, visual performance, color vision and glare. He is a Fellow of the Illuminating Engineering Society and also is a member of the U.S. national committee of the International Illumination Commission. He chairs the Transportation Research Board's Committee on Visibility and serves on the board of directors of the Council for Optical Radiation Measurements. John has written more than 400 technical publications and articles on lighting, over 80 of them with student co-authors.
