

LIGHT *the* MOMENT

WITH ENERGY STAR®

SHARE YOUR BEST MOMENTS FOR A CHANCE TO WIN!

The best moments deserve ENERGY STAR certified LED lighting. Save energy and protect the environment by lighting your special moments with ENERGY STAR and sharing photos of these moments—whether big or small—on social media with the hashtag #LightTheMoment.

[If partner is hosting a contest, add info here]

Whatever the life moment, there's an ENERGY STAR LED lighting product that will help make it perfect, with the quality performance, savings, and environmental protection you desire.

Guidelines for contest entry*:

1. If sharing on Twitter or Instagram, just use the hashtag #LightTheMoment and tag @Partner
2. If sharing on Facebook, include #LightTheMoment, tag @ENERGYSTAR and @Partner, and make sure the post is Public
3. Example caption: "I'm saving energy and protecting the environment by lighting my moments with @ENERGYSTAR certified lighting! #LightTheMoment"

[Partner hosted contest details can be added here]

DID YOU KNOW?

- ✓ ENERGY STAR certified LED bulbs use up to 90% less energy than incandescent bulbs, and last 15 times longer.
- ✓ Only bulbs that have earned the ENERGY STAR label have been independently certified and undergone extensive testing to assure that they will save energy and perform as promised.
- ✓ If every American home replaced a light bulb with one that has earned the ENERGY STAR, we would prevent more than 7 billion pounds of greenhouse gas emissions per year, equivalent to the emissions from about 690,000 cars.
