*Brief Biography:*

Mark has designed lighting systems for a wide range of applications including residential, retail, healthcare and both conventional and nuclear power plants. He has provided lighting education, presenting and teaching throughout North America, Asia and the Middle East. He is a member of multiple IES, NEMA, ALA and ASHRAE Committees. Mark has served on the Board of Directors of the Illuminating Engineering Society and as Chair of the IES Progress Committee. Mark also served as Chair of the NEMA Light Source Committee and Vice-Chair of the National Lighting Bureau. He is a columnist for Lighting Design and Application Magazine writing on the Forces of Change in our industry.

He has attained the Lighting Certified (LC) designation from NCQLP and is a Certified Lighting Efficiency Professional (CLEP) with the Association of Energy Engineers. In addition Mark is a Certified Lighting Management Consultant (CLMC) with NALMCO and is a LEED Accredited Professional BD&C. He has attained the High-Performance Building Design Professional (HBDP) certification from ASHRAE. Mark ran the educational centers for both Cooper and Hubbell Lighting prior to becoming the Director of Government & Industry Relations for OSRAM SYLVANIA in Danvers, MA. Mark is the Industry Relations Manager for the Illuminating Engineering Society.
