Families and businesses are saving with the help of ENERGY STAR®

Maryland is home to more than 320 businesses and organizations participating in the U.S. Environmental Protection Agency’s ENERGY STAR program:

- 11 manufacturers of ENERGY STAR certified products
- 14 companies supporting independent certification of ENERGY STAR products and homes
- 76 companies building ENERGY STAR certified homes, six of which are committed to building 100% ENERGY STAR

as well as many businesses, school districts, governments, and faith-based groups using ENERGY STAR resources to reduce energy waste in their facilities.

Across the state of Maryland

- 2,426,298 customers served by ENERGY STAR utility partners
- 39,548 homes have earned the ENERGY STAR
- 9,636 buildings (more than 1.1 billion square feet) have been benchmarked using EPA’s ENERGY STAR Portfolio Manager
- 520 buildings have earned the ENERGY STAR for superior efficiency, including 39 schools, 18 hotels, 200 office buildings, and 2 industrial plants

State Spotlights

Bozzuto Management Company, one of the leading multifamily management companies in the United States, based in Greenbelt, benchmarked its entire portfolio of stabilized properties using ENERGY STAR Portfolio Manager in 2016, achieving ENERGY STAR certification for 14 properties.

Baltimore Gas and Electric Company launched its ENERGY STAR for New Homes program on June 1, 2009. Since then, customers have saved over $57.7 million in lifecycle energy costs through the more than 13,000 ENERGY STAR homes constructed. Over the life of these homes, customers will save over $4,400 on their utility bills.

Recent Partner of the Year Winners

- Baltimore Gas and Electric Company
- Bozzuto Management Company
- Potomac Electric Power Company
- Southern Maryland Electric Cooperative

“We are pleased to partner with BGE and ENERGY STAR on a much needed upgrade to our facility in Edgewood. For us it is not simply to be more energy efficient, but also to lead and teach young people and families the benefit of smarter energy consumption. Thousands of young people will now have a brighter, safer place to go each day after school.” – Tim Wills, Executive Director, Boys & Girls Clubs of Harford County

For more than 20 years, EPA’s ENERGY STAR program has been America’s resource for saving energy and protecting the environment. Join the millions making a difference at energystar.gov.
