

**MAKE A SAVINGS SPLASH WITH AN
ENERGY STAR[®] CERTIFIED POOL PUMP.**

Save \$340 per year plus more with rebates!

Visit energystar.gov/poolpumps today.

ENERGY STAR POOL PUMPS SAVE MONEY, SAVE ENERGY, AND PROTECT THE CLIMATE.

Pull the plug on a big energy drain.

Your old pool pump could be costing nearly \$500 in energy every year. A new ENERGY STAR certified model will use up to 70% less energy than a standard unit. You could save up to \$340 per year in energy bills, and see payback on your investment in just two years.

With ENERGY STAR, smarter tech runs deep.

Certified pool pumps are available in two-speed or variable speed models, which means they can run at lower speeds for tasks like filtration to save energy and have quieter operation.

Is it time to take the plunge?

Does your pool pump show these warning signs of wearing out and wasting energy?

- Runs with less power
- Makes more noise
- Overheats and shuts off
- Is seven or more years old

Dive into your savings today with utility rebates.

Many utilities are offering rebates toward your purchase of a new ENERGY STAR certified pool pump. It could be the perfect time to make a savings splash.
