### State Spotlights

The Home Depot developed and implemented a new sales strategy that resulted in a significant increase in ENERGY STAR product sales, and coordinated rebate offerings with local utilities for ENERGY STAR products that resulted in approximately **\$310 million** in incentives for customers in 2015.

Since 2011, Beazer Homes has seen a **65% reduction** in warranty expenses related to water intrusion. Beazer attributes this to building 100% ENERGY STAR certified homes.
