Families and businesses are saving with the help of ENERGY STAR®

Louisiana is home to about 70 businesses and organizations participating in U.S. EPA’s ENERGY STAR program:

- 7 manufacturers of ENERGY STAR certified products
- 7 companies supporting independent certification of ENERGY STAR products and homes
- 16 companies building ENERGY STAR certified homes, as well as many businesses, schools, governments, and faith-based groups using ENERGY STAR to reduce energy waste.

Across Louisiana

1.6 million customers were served by ENERGY STAR utility partners in 2018

1,937 buildings (more than 139 million square feet) were benchmarked in 2018 using EPA’s ENERGY STAR Portfolio Manager

10,472 homes have earned the ENERGY STAR

121 buildings have earned the ENERGY STAR for superior efficiency, including 46 schools, 3 hotels, 4 hospitals, 33 office buildings and 5 industrial plants.

Recent ENERGY STAR Award Winner(s)

- Entergy Corp.
- Southwestern Electric Power Company

State Spotlights

Seven Flowers Bakery in Baton Rouge was among the first commercial bread and roll bakeries to earn the U.S. Environmental Protection Agency’s ENERGY STAR certification.

“A.B.A congratulates the first of our members to be recognized as ENERGY STAR certified. Their plants are in the top quartile of energy performance, and we commend them for their tremendous leadership in this area for the baking industry.” – Robb MacKie, President and CEO, American Bakers Association

Entergy New Orleans, Inc. is an electric and gas utility serving approximately 197,000 electric customers. Key 2015 ENERGY STAR accomplishments included:

- Training dozens of contractors who have processed nearly $1.6 million worth of incentives for clients, with an overall economic impact of $2.38 million.
- Leveraging the ENERGY STAR brand to rebuild the trust between homeowners and contractors that was damaged after Hurricane Katrina.
- Weatherizing 245 low to moderate income homes and providing more than $560,000 worth of incentives at no cost to the homeowners through the Home Performance with ENERGY STAR program.
- Providing up to $500 per home for repairs that might be needed prior to the installation of the energy efficiency measures.
- Supporting referral agencies to leverage outreach of groups already working within the low-income sector, including organizations like Project Homecoming, Rebuilding Together, Council on Aging, and the Lower 9th Ward Neighborhood Empowerment Network Association.

ENERGY STAR is the government-backed symbol for energy efficiency, providing simple, credible, and unbiased information that consumers and businesses rely on to make well-informed decisions. For more facts and figures see energystar.gov/numbers and energystar.gov/statefacts
