

MAINE

The simple choice for energy efficiency.

Updated April 2019

Families and businesses are saving with the help of ENERGY STAR®

Maine is home to about **60** businesses and organizations participating in U.S. EPA's ENERGY STAR program:

- 7** manufacturers of ENERGY STAR certified products
 - 5** companies supporting independent certification of ENERGY STAR products and homes
 - 15** companies building ENERGY STAR certified homes,
- as well as many businesses, schools, governments, and faith-based groups using ENERGY STAR to reduce energy waste.

Across Maine

- 779 thousand customers** were served by ENERGY STAR utility partners in 2018
- 673 buildings** (almost 26 million square feet) were benchmarked in 2018 using EPA's ENERGY STAR Portfolio Manager
- 2,214 homes** have earned the ENERGY STAR
- 84 buildings** have earned the ENERGY STAR for superior efficiency, including 11 schools, 2 hospitals, 17 office buildings and 1 industrial plant.

McCain Foods USA, Easton, ME. First earned ENERGY STAR certification in 2009.

State Spotlights

The **McCain Foods USA** Easton Plant lies on the eastern line of Aroostook County, Maine. Along with several other agricultural or resource based industries, the Easton Plant workforce of over 500 employees make up a large percent of the Easton tax base.

The oldest ENERGY STAR certified building in Maine is the **Cape Elizabeth Town Hall**, built in 1900. This building was first certified in 2008, with a score of 94.

"Making the switch from older models to new, ENERGY STAR certified appliances can mean hundreds of dollars in energy savings each year for the typical Maine household." – **Efficiency Maine**
