

NEW MEXICO

The simple choice for energy efficiency.

Updated April 2019

Families and businesses are saving with the help of ENERGY STAR®

New Mexico is home to about **70** businesses and organizations participating in U.S. EPA's ENERGY STAR program:

- 4** manufacturers of ENERGY STAR certified products
 - 6** companies supporting independent certification of ENERGY STAR products and homes
 - 12** companies building ENERGY STAR certified homes,
- as well as many businesses, schools, governments, and faith-based groups using ENERGY STAR to reduce energy waste.

Across New Mexico

- 537 thousand customers** were served by ENERGY STAR utility partners in 2018
- 1,581 buildings** (almost 86 million square feet) were benchmarked in 2018 using EPA's ENERGY STAR Portfolio Manager
- 10,730 homes** have earned the ENERGY STAR
- 282 buildings** have earned the ENERGY STAR for superior efficiency, including 175 schools, 1 hotel, 5 hospitals, 38 office buildings and 1 industrial plant.

Albuquerque Plaza, Albuquerque, NM. ENERGY STAR certified in 2015.

Recent ENERGY STAR Award Winner(s)

- New Mexico Gas Company**

State Spotlights

NMGC, a TECO Energy Company, serves more than half a million residential customers throughout the state of New Mexico. NMGC has been recognized by EPA for its ongoing and highly successful efforts to help residential customers reduce natural gas demand and for successfully educating customers, builders, and contractors about the benefits of ENERGY STAR. Key 2015 accomplishments include:

- Advancing the market for ENERGY STAR certified furnaces, boilers, and water heaters. With sales of 800 ENERGY STAR certified furnaces and 700 water heaters and savings of more than 100,000 therms in 2015.
- Offering rebates to promote the installation of ENERGY STAR certified commercial clothes washers, water heaters, furnaces, steam cookers, griddles, convection ovens, fryers, and low/high temperature dishwashers in its Commercial Solutions program.
- Expanding its growing trade ally network by active, multi-channel outreach to key stakeholders including builders, plumbing and heating, ventilation, and air conditioning (HVAC) contractors, Home Energy Rating System (HERS) Raters, and suppliers, and reaching hundreds with information about the benefits of ENERGY STAR certified equipment and utility incentive offerings.
- Increasing the number of participating contractors in the space heating and water heating program.
- Reaching tens of thousands of New Mexico consumers and industry stakeholders through a range of outreach efforts, including television and online news programs, print advertisements for local publications, advertisements and information placed in trade publications, and industry and consumer outreach events.
