

TEXAS

The simple choice for energy efficiency.

Updated April 2019

Families and businesses are saving with the help of ENERGY STAR®

Texas is home to about **800** businesses and organizations participating in U.S. EPA's ENERGY STAR program:

- 114** manufacturers of ENERGY STAR certified products
- 65** companies supporting independent certification of ENERGY STAR products and homes
- 273** companies building ENERGY STAR certified homes, 19 of which are committed to building 100% ENERGY STAR, as well as many businesses, schools, governments, and faith-based groups using ENERGY STAR to reduce energy waste.

Across Texas

- 3 million customers** were served by ENERGY STAR utility partners in 2018
- 17,162 buildings** (more than 1.9 billion square feet) were benchmarked in 2018 using EPA's ENERGY STAR Portfolio Manager
- 521,418 homes** have earned the ENERGY STAR
- 2,995 buildings** have earned the ENERGY STAR for superior efficiency, including 1277 schools, 47 hotels, 25 hospitals, 983 office buildings and 13 industrial plants.

Williams Tower, Houston, TX . ENERGY STAR Certified in 2016.

Recent ENERGY STAR Award Winner(s)

- Austin Energy
- Celanese Corporation
- CEMEX Inc
- Cenergistic
- CenterPoint Energy
- Entergy Texas Inc.
- Hines
- Houston Habitat for Humanity
- J.C. Penney Company, Inc.
- Mansfield Independent School District
- Memorial Hermann Health System
- Texas-New Mexico Power Company
- TexEnergy Solutions | US-EcoLogic
- USAA Real Estate

State Spotlights

*"Utilizing ENERGY STAR's inspection checklists to improve quality control measures has resulted in **an 80-percent reduction** in the number of contractor callbacks made to correct insulation installation deficiencies."* – **Houston Habitat for Humanity**

"Hines truly values our partnership with ENERGY STAR and we use their program in tandem with Hines' proprietary building management tools to support our engineering efforts to maximize performance, minimize risk and preserve long-term value." – **Jeffrey C. Hines, President and CEO, Hines**

A sampling of **Hines'** ENERGY STAR certified buildings in Texas **save more than \$49 million in energy costs annually.** **CenterPoint Energy**, a utility serving the greater Houston area and ENERGY STAR partner since 2001, **saved more than 40,000 megawatt hours (MWh)** in 2016, equivalent to the electricity use of more than **2,900 homes** and increased demand **savings by 18 percent** compared to 2015 levels.

"It's gratifying to have our energy-efficiency programs judged to be the best in the nation by the EPA, and it's even more gratifying to know that we are able to cut down on energy costs and redirect those funds to other key areas at the university." – **Michael Young, President, Texas A&M University**
