ENERGY STAR®, a U.S. Environmental Protection Agency program, helps us all save money and protect our environment through energy efficient products and practices. For more information, visit www.energystar.gov.

The U.S. Environmental Protection Agency (EPA) invites you to participate in a webinar about ENERGY STAR and other resources to support efficient electrification.

Date and Time: February 23rd at 1pm EST

Please register for the webinar [here](#)

Please join us for the EPA and DOE in a joint webinar on the Buildings Upgrade Prize (Buildings UP) and how ENERGY STAR certified products and related marketing tools can support efficient electrification. Buildings UP is a DOE program offering more than **\$22 million** in cash prizes and technical assistance to teams across the country with ideas for accelerating widespread, equitable energy efficiency and building electrification.

The webinar will:

- Provide an overview of the Buildings Upgrade Prize
- Discuss how ENERGY STAR certified products and related tools and resources can support efficient electrification in the residential sector
