National Lighting Partner Meeting
April 4-6, 2005

Welcome to Las Vegas
Lighting Partner Meeting: Goals

Congratulations: Largest turnout ever
  – 140 Attendees; 40 Manufacturing partners

• Cultivating business relationships
• Increasing product knowledge
• Learning about market trends
• Exchanging information with your peers
ENERGY STAR Product Successes

- More than 1 billion ENERGY STAR qualified products purchased
- 40 product categories covered
- Continued partner growth: New Regions
  - Increasing activity in the Southwest
  - CO, AZ, NM, UT, NV
  - Southeast
Growing Influence/Awareness

• Monthly volume of news articles about ENERGY STAR has reached 1,400 articles, or a circulation of 140,000,000
  – November 2004 (example)
    • 1,125 articles
    • total circulation of 81,796,264
    • $415,055 in earned media value
Growing Influence of Label

- Public awareness of ENERGY STAR jumped to 64% of US households in 2004
- 30% of US households knowingly purchased a qualified product in the past year
- 54% of households favorably influenced by label
- More than 70% of households would recommend labeled products to their friends
- 95% of recent purchasers say they are likely to buy a product with the ENERGY STAR label in the future
ENERGY STAR mark ranks among the highest level of influence on product purchase among all consumer emblems, similar in ranking to the Good Housekeeping Seal and Consumer Reports.
Growing Demand for Energy-Efficient Lighting

- Initiatives at the state level to mandate energy-efficient light sources
  - T24-2005
  - Pacific Northwest
- ENERGY STAR New Homes
- ENERGY STAR lighting partners well-positioned with new products
Large Potential

Future Savings Potential, Lighting vs. Appliances and HVAC (combined)

- California
- Northeast
- Northwest

![Chart showing future savings potential for Lighting and Appliances in different regions.](chart.png)

- Appliances
- Lighting
We Need New, Better Products
