

Award Recipient of the ENERGY STAR Challenge for Industry

**Intertape Polymer Corp.
2000 South Beltline Blvd
Columbia, SC 29201**

Intertape purchased Anchor Continental, which was started in 1929, in 1998. The Columbia location produces an assortment of pressure sensitive tapes including: Masking, Flatback, Double sided, Duct Tape, and Stencil. These products are used in a several different markets: automotive, housing, packaging, construction, monument and sign industries.

Intertape Polymer, Columbia Site attained the Energy Star Challenge for industry in 2010. The Columbia Site decreased energy intensity by 13.8% in one year of its baseline. This was accomplished with increased production volumes, ultrasonic monitoring of compressed air systems to locate and repair leaks, modifications to compressed air systems to reduce air usage, installation of additional capacitor banks and shut off/ turn down policies. The energy intensity was reduced at this site by 4.95 KBTU per square meter a savings of 129,875 MMBTU.

Intertape Polymers Corporate Energy Policy:

The objective of this policy is to provide guidance to employees concerning the efficiency of Intertape Polymer Corporation's operations. IPG is committed to operating its facilities in an efficient, environmentally responsible, and safe manner. Our goal is to reduce energy intensity by 10 percent within 5 years. We will achieve this goal by implementing continuous improvement programs and employee training initiatives across the entire organization. The Corporate Utilities Team has the role of measuring progress towards achieving the energy efficiency goal, identifying energy efficiency projects, and providing a forum for identifying best practices. It is the responsibility of every employee to be highly involved in reducing energy

usage. Through the awareness, commitment, and capability of our employees, IPG will achieve success and surpass our energy efficiency goals.
