Subject: Comments on Final Draft, Version 2.0 Commercial Dishwasher Specification

Dear Ms. Duff,

We have reviewed the final draft commercial dishwasher V 2.0 specification and have only one comment. The qualification criteria in Table 1 states the flight type machines must have a gallon per hour (GPH) rating *equal* to the stated formulae. This should be *less than or equal to*...

Thank you for the opportunity to comment.

Sincerely,

Joel F. Hipp
Warewash Agency Approval Engineer
