# Discussion

---

- How did it go?
- Procedural issues?
- Are Test Requirements
  - Clear?
  - Relevant?
- Are tasks appropriate?
  - Is qty of 6 ok?
  - Any additional tasks needed?
  - Any that are not needed?

## Discussion (cont)

---

- How can Test Script be improved?
- Setup/UUT Configuration Issues?
- Scoring & Compliance Criteria Issues?
  - Target time to complete
  - Maximum time to complete
  - Pass/Fail Limits too Easy / too Hard  
(Task score  $\geq 40$ ; overall score  $\geq 70$ )
- Other Issues?
