Subject: ENERGY STAR® Program  
Requirements for Integral LED Lamps

Date: 10-15-2009

Richard H. Karney, P.E.  
ENERGY STAR Products Manager  
U.S. Department of Energy  
1000 Independence Avenue, SW  
Washington, DC 20585-0121

Dear Mr. Karney:

Philips Electronics North America Corporation is pleased to supply these comments in response to the Department of Energy's request for comments on the revised draft criteria for integral LED lamps. As you are well aware, Philips fully supports the effort the DOE has placed in providing the market with specifications to accelerate market acceptance of high quality, energy efficient LED products. In this regard, we hope you find these comments helpful in further refining this nearly complete specification.

Do not hesitate to call me with any questions or need for clarification.

Respectfully submitted,

Keith R. Cook  
Vice President – Technology Policy and Standards
